

PRESCHOOL CURRICULUM HIGHLIGHTS

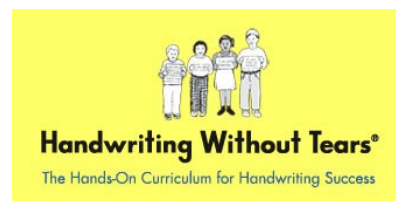

The idea behind Core Knowledge is simple and powerful: knowledge builds on knowledge. The more you know, the more you are able to learn. By outlining the content that every child should learn, the Core Knowledge Sequence identifies the foundational knowledge every child needs to reach these goals and teach it in a coherent, age-

This Multisensory Language Arts Program is a kinesthetic, multi-modal approach to learning all aspects of the language arts.

God is integral in all that we do at St. John's. The religious curriculum, The Beginner's Bible, is used during preschool Jesus time, and provides foundational building blocks of faith. It teaches children that Jesus loves them and is their Friend.

Hands-on, multisensory activities and music prepare preschoolers for handwriting.

SPARK programs promote lifelong wellness, increase physical activity and combat childhood obesity. SPARK has received the "Governor's Commendation" award for improving the health of California's youth.
